

Application Requirements

To apply for participation in the Sustainability Science Team all applicants must be currently enrolled, and in good standing, in a UCI doctoral program within any UCI Department/School. A complete application includes submissions from both the students and their adviser.

From the **student**, we require a single PDF file with the following information:

1. Completed Sustainability Science Team Application (Download Application form at <http://environment.uci.edu/SustSciTeam.php>.)
2. *Curriculum Vitae* (1-3 pages): including, for example, relevant educational experience, extracurricular training and activities, accomplishments and awards, talks, and publications
3. A description of Research and Career Goals (~ 500 words) and how participation in the Sustainability Science Team would enhance current doctoral studies

From the **adviser**, we request a memo/email directed to the Environment Institute with the following information:

1. Adviser's concurrence with the student's application and participation in the activities of the Sustainability Science Team. (See Summary Program outline at <http://environment.uci.edu/SustSciTeam.php>.)
2. A recommendation indicating how this program will enhance the student's doctoral studies.

PDF files (one from the applicant and one from the adviser) containing all requested application materials should be sent from a UCI email address to Susan Coons at envinst@uci.edu. Please include "Sustainability Science Team Application" in the subject heading of all submissions.

Applications may be submitted through **July 6, 2012**, and will be evaluated as received. Applicants will be notified of program participation by July 20, 2011.
